PROFILE

Experienced Web Developer adept in all stages of advanced web development and building. Knowledgeable in user interface, testing, and debugging processes. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. I can convert the design file into web page. I create responsive website that are displayed on all devices desktops and smartphones by CSS frameworks (Bootstrap, Tailwind CSS). Currently, I love to work on web application using technologies like React JS, Next.js and Tailwind CSS.
